PROFESSIONAL SUMMARY

Aspiring Full Stack Developer with approximately 2 years of hands-on experience building modern web and mobile applications using JavaScript technologies. Skilled in React, Node.js, Express.js, MongoDB, PostgreSQL, Firebase, and React Native. Passionate about creating scalable, user-centric applications and solving real-world problems through technology. Demonstrated commitment to continuous learning through personal projects, open-source contributions, internships, and hackathon participation. Currently seeking internship, freelance, and full-time opportunities to further develop technical expertise and contribute to innovative development teams.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science and Engineering

Jaya Engineering College, Chennai, Tamil Nadu

Expected Graduation: 2028

CGPA: 8.75

TECHNICAL SKILLS

Frontend Development

- HTML5
- CSS3
- JavaScript (ES6+)
- React.js
- Vite
- Tailwind CSS

Backend Development

- Node.js
- Express.js

Databases

- MongoDB
- PostgreSQL

- Firebase

Mobile Development

- React Native

Tools & Platforms

- Git
 - GitHub
 - Vercel
 - Postman
-

PROJECTS

Smart Queue

Tech Stack: TypeScript, React, Node.js, MongoDB

- Developed a smart queue management system to optimize customer waiting and service processes.
- Implemented queue tracking, monitoring, and management functionalities.
- Designed responsive user interfaces for seamless user interaction.
- Focused on improving operational efficiency through automation.

Team NEXUS

Tech Stack: TypeScript, React, Node.js, MongoDB

- Built a collaborative project and team management platform.
- Developed features for task coordination and team communication.
- Implemented scalable architecture using modern development practices.
- Enhanced productivity through centralized workflow management.

EliteStore

Tech Stack: JavaScript, React, Node.js, MongoDB

- Developed a full-stack e-commerce application.
- Implemented product browsing, shopping cart, and order management features.
- Built responsive and user-friendly interfaces.
- Integrated frontend and backend systems for smooth user experiences.

VibeNet

Tech Stack: JavaScript, React, Node.js, MongoDB

- Created a social networking platform focused on user engagement.
- Implemented content sharing and community interaction features.
- Developed responsive frontend components and scalable backend services.
- Focused on performance and user experience optimization.

Nexus

Tech Stack: JavaScript, React, Express.js, MongoDB

- Developed a full-stack web application with REST API integration.
- Implemented database connectivity and backend business logic.
- Applied component-based architecture for maintainability.
- Optimized application performance and scalability.

SDMA Attendance Software

Tech Stack: JavaScript, React, Node.js, MongoDB

- Designed and developed an attendance management solution.
- Automated attendance recording and tracking processes.
- Built administrative dashboards for attendance monitoring.
- Improved efficiency in attendance data management and reporting.

EXPERIENCE

Full Stack Development Intern

Codex Company

- Worked on full-stack application development using modern web technologies.
- Contributed to frontend and backend development tasks.
- Gained practical experience in software development workflows and project collaboration.
- Applied industry-standard development practices in real-world projects.

ACHIEVEMENTS

- Achieved **1000+ GitHub Contributions**, demonstrating consistency and dedication to software development.
- Participated in **20+ National Level Hackathons**.
- Developed multiple full-stack web applications using modern technologies.

- Actively engaged in continuous learning and project-based skill development.
-

CERTIFICATIONS

Full Stack Development Internship Certificate

Codex Company

National Level Hackathon Participation Certificates

20+ Hackathons

SOFT SKILLS

- Problem Solving
 - Team Collaboration
 - Communication
 - Time Management
 - Adaptability
 - Critical Thinking
 - Continuous Learning
-

LANGUAGES

- English
 - Tamil
-

CAREER OBJECTIVE

To secure challenging opportunities where I can leverage my full-stack development skills, contribute to impactful projects, and continue growing as a software engineer while delivering innovative technology solutions.
